OXXO Carries out a Second National Delivery of more than 1 Million Facemasks

- *The distribution took place in the 32 states of the country.*
- *With this delivery, the chain store recognizes the work of the security forces to continue supporting the community.*
- *It also thanks all the health personnel, who daily work to preserve the health of Mexicans during the COVID-19 pandemic.*

Mexico City, Mexico. August 31st, 2020. – OXXO, always committed with the wellbeing of the community, carried out for the second time the donation of 1.1 million facemasks for the health and public security sectors nationwide. With these deliveries they aim to recognize and thank the efforts of the security sector to protect Mexicans during the COVID-19 pandemic, as well as the health sector who daily preserve the lives of Mexicans in this sanitary emergency.

“In OXXO, health and security are our priorities, which is why we are making a donation of one million facemasks for the second time to two of the sectors that protect Mexicans daily. With their efforts, the security forces and the health personnel allow Mexico to continue progressing in the combat to the COVID-19 pandemic. We will continue supporting and collaborating with these sectors to contribute to the wellbeing of the community”, said Carlos Arenas, General Director of OXXO.

Additional to this support, during the pandemic, OXXO has taken action, among others, through its coffee brand andatti, who joined forces with FEMSA Foundation, Chocolate Abuelita and Svetia, to make a donation of resources equivalent to the protection of more than 16 thousand people as part of the initiative #ContagiaSolidaridad, taking part in the delivery of more than 90 thousand protection kits for doctors, nurses, technicians and administrative and cleaning personnel in hospitals in all of Mexico.

For OXXO, the wellbeing of its collaborators and customers is a priority. This is why it reaffirms its commitment to protect the integrity of the communities where it is present and generate safe working environments, as well as maintaining the widest availability of first need products
